From the Desk of Managing Trustee...

I am happy to announce the beginning of my second Service Journey by conceiving the idea of developing ‘**Saraswathi Rehabilitation and Development Trust (SRDT)**’ with special focus on working for the Training cum Rehabilitation of Children and Adults with Intellectual and Developmental Disabilities (CAWIDDs). The Service Spectrum ranges from the stage of early identification to empowerment of CAWIDDs starting Social and Economic Areas with opportunities for their independent living in an accessible, inclusive and equitable community and solutions for the concern of the parent, as to “**what will happen to the children after us?**”. I possess 44 years of experience in raising and nurturing my own daughter with Intellectual and multiple Disabilities, supported by my other two daughters who are not only successful in their respective fields but are also well versed with the essentials in care-giving to children with such special needs. Therein lies my core strength and that is the cornerstone for embarking on this momentous mission, SRDT. Presently we are in early stage and wish to expand the activities gradually. It fills me with pride to release the **Third Annual Report** of SRDT for the F. Y2025 – 2026. On this occasion, on behalf of Team SRDT, I wish to express my heartfelt gratitude to all our supporters, donors, well-wishers, benefactors our staff and parents. I sincerely request them to continue their association with us in whatever way it is possible to realise our vision.

P. Sarvalaxmi Managing Trustee cum Chairman.
